29th Congress of Union of the European Phoniaticians

WELCOME

On behalf of the Finnish Phoniaticians and the Union of European Phoniaticians, it gives us a great pleasure to welcome you to the 29th Congress of the Union of European Phoniaticians. By the time we welcome you in Helsinki from 13 to 16 June 2018, it will be 40 years since we last hosted the UEP congress in Finland. Also, we will be celebrating 70 years of phoniatics in Finland.

FINLAND is a young country, rated by The Newsweek in 2010 as the best country in the world. Helsinki, its capital, is throbbing with design, nature, lively events, fresh air, wonderful summers and saunas.

THE CONGRESS will focus on the four main topics of our specialty. The study and treatment of voice, speech and language, hearing, and swallowing disorders. As a multidisciplinary specialty, we would like to welcome phoniaticians, laryngologists, otorhinolaryngologists, audiologists, vocologists, speech and language pathologists, acousticians, singing teachers and all those with interest in communication disorders.

We warmly welcome you to the UEP congress 2018 in Helsinki!
On behalf of the organizing committee:

Ahmed Geneid, MD, PhD
President of the Congress and
Vice-president of UEP

Mari Qvarnström, MD, PhD
President of Finnish
Phoniaticians Association

Prof. Antoinette am Zehnhoff-Dinnesen
President of Union of the European
Phoniaticians
