

SPEECH AND LANGUAGE 2019

VII International Conference on Fundamental and Applied Aspects of Speech and Language

November 1-2, 2019 • Hotel Crowne Plaza, Milentija
Popovića10, Belgrade, Serbia

SPEECH AND LANGUAGE 2019, International Conference on Fundamental and Applied Aspects on Speech and Language, will be held in Belgrade, Serbia, in the period of November 1-2, 2019.

The Conference is organized by Institute for Research and Development - Life Activities Advancement Center (LAAC) and the Institute for Experimental Phonetics and Speech Pathology “Djordje Kostic” (IEPSP) from Belgrade, under the patronage of the Ministry of Education, Science and Technological Development of the Republic of Serbia. The Conference includes invited lectures and contributed papers divided into oral presentations and poster presentations.

The aim of the conference is to exchange knowledge from various fields of science dealing with the study of speech and language in terms of fundamental and applied knowledge. Bearing in mind that speech and language are the most complex psychophysiological functions of the human body and that it is not just a means of communication but also of learning, a holistic approach is imperative in their study. In order to support a holistic approach in the study and research of speech and language, all papers will be plenary presented at the Conference.

The main topics of interest for submissions include but are not limited to:

- linguistics, phonology and phonetics
- experimental phonetics
- neurolinguistics and psycholinguistics
- psychophysiology of hearing, speech and language
- prosody and speech perception
- cognition, behaviour, learning, speech and language
- consciousness, cognition and psychosomatics
- nonlinguistic information and speech
- genetics, speech and language
- language philosophy
- esthetics and speech and language
- prenatal roots of communication
- speech and hearing technologies
- speech and language – sociological and cultural aspects

At the Conference exhibition, all interested institutions and individuals can exhibit their own realizations (technological solutions, literature, educational material) related to speech and language. For additional information, please contact Conference Secretariat.
